← 2-Step Verification with 2-Step verification

Prevent hackers from accessing your account with an additional layer of security. When you sign in, 2-Step verification helps make sure your personal information stays private, safe and secure.

Security made easy

In addition to your password, 2-Step verification adds a quick second step to verify that it's you.

Use 2-Step verification for all your online accounts

2-Step verification is a proven way to prevent widespread cyberattacks. Turn it on wherever it's offered to protect all your online accounts.

Get started

Activate Windows
Go to Settings to activate Windows.

2-Step Verification

Let's set up your phone

What phone number do you want to use?

Use Text Message Mobile verification

Google will only use this number for account s
Don't use a Google Voice number.
Message and data rates may apply.

How do you want to get codes?

☒ Text message ☐ Phone call

Your app password for your device

ji [REDACTED] yq

How to use it

Go to the settings for your Google Account in the application or device you are trying to set up. Replace your password with the 16-character password shown above.

Just like your normal password, this app password grants complete access to your Google Account. You won't need to remember it, so don't write it down or share it with anyone.

DONE

Copy this pass key and paste in your Code
